- **Subcontractor Safety Award: AMF Electric** – St Louis, MO
- **Superior Safety Award: hth companies, inc.** – Union, MO

The Excellence in Construction awards program is the industry's leading competition, developed to honor innovative and high-quality merit shop construction projects. The award honors all construction team members, including the contractor, owner, architect and engineer. The winning projects, selected from entries submitted from across Missouri and Kansas, were judged on complexity, attractiveness, unique challenges overcome, completion time, workmanship, innovation, safety and cost.

A panel of industry experts served as the competition's judges. This year's panel included representatives from the Design-Build Institute of America, universities, the City of Kansas City, and engineering firms.

Excellence in Construction Awards are given to the top projects in each category.
